Dear Sir/Madame

Re: Quarter Horse Stallion "Dun it you won it"

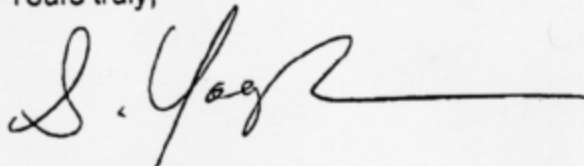

"Dun it you won it" is a Quarter horse stallion that possesses the very best of foundation Quarter horse lineage, combined with the most proven of the modern Reining bloodlines.

He is a powerful horse with a very gentle personality. His offspring are readily demonstrating his great traits.

As a Reining horse trainer and N.R.H.A. judge, I have had the privilege of both riding him in competition as well as judging him. He has consistently proven himself in the show ring at all levels of competition. He stands at stud today, as one of the most successful reining horses in Canadian history.

Ron Lubinski, owner of Y Not Farms, and "Dun it you won it" has a vision of utilizing this stallions' exceptional qualities to cross with the Arabian breed in order to create the best possible Western Performance horses. Ron is to be congratulated for this endeavor, as he has chosen a truly great Stallion to complement the Arabian mares.

Yours truly,

Gary Yaghdjian
